- 1.4 enable consistency of approach in the application of procurement processes; and
- 1.5 ensure that the best possible outcome is achieved for Council.

2. Scope

- 2.1 This Policy informs procurement activities associated with the acquisition of goods, works or services of any value by Mid Murray Council (Council). This includes tendering arrangements and the contracting of services and applies to all Council employees.
- 2.2 It is the responsibility of all employees engaged in any procurement process, and third parties involved in procurement activities on behalf of Council, to comply with this Policy (except collaborative procurements, as defined). This responsibility extends to anyone identifying the goods, works or services to be acquired, undertaking or participating in procurement activities or employees receiving or accepting goods on Council's behalf.
- 2.3 This Policy does not cover:
 - Non-procurement expenditure such as sponsorships, grants, funding arrangements, donations and employment contracts;
 - The disposal of land and other assets owned by Council; and
 - The purchase of land by Council.

Note: Education material has been created to support the Procurement Policy – refer to Mid Murray Council Intranet.

3. Procurement Principles

- 3.1 Council is committed to ensuring that all procurement activities are underpinned by the following key principles:

Principle 1 - Council delivers value for money services to the community

To ensure the best overall value/result is obtained through applying a strategic and cost effective approach, which may include post factor negotiations and clarifications. This may include taking into account fit for purpose, whole of life cost, timeliness, flexibility to adapt, quality, efficiency, effectiveness, sustainability, intangible costs/benefits, service, support and warranty.

Principle 2 - Compliance with statutory obligations

To ensure purchasing activities are conducted in accordance with legislative and common law responsibilities.

Principle 3 - Open and fair/effective competition

To ensure open and fair competition is fostered and maintained by providing supplier/s and contractors with appropriate access to Council's procurement opportunities.

Principle 4 - Professional integrity and ethical conduct

Council must demonstrate integrity in all procurement activities and undertake duties in a professional, ethical, honest and impartial manner, act responsibly and exercise sound judgement by observing the highest standards of conduct.

Principle 5 - Risk management

To ensure that appropriate risk management practices and procedures are in place for procurement activities including risk identification, assessment and implementation of controls.

Principle 6 - Accountability, transparency and probity

To ensure that responsibilities are clearly defined and that decisions are made in an open and transparent manner. This will include ensuring all appropriate records/documentation is kept of the procurement process.

Principle 7 - Environmental sustainability

To promote and adopt purchasing practices that conserve resources, save energy, minimise waste, protect the environment and are generally consistent with principles of ecological sustainability to the greatest extent that is practicable.

Principle 8 - Local industry sourcing and local employment and training

To the extent permitted by law, Council will give preference to local business when all other commercial considerations are equal (e.g. capability, capacity and competitiveness). Council has a commitment to maximising the skills, development and employment opportunities available within Council's area.

Principle 9 - Social sustainability

Consideration may be given, where it is practicable, to investigating the inclusion of not-for-profit organisations (social enterprises) that benefit the community.

4. Procurement Methodology

- 4.1 The appropriate method of procurement will be determined by reference to a number of factors, including:
- 4.1.1 Purchase Total Value, being exclusive of GST and calculated as follows:
 - **single one-off purchase** – the total or estimated value of the purchase;
 - **multiple purchases** – the total or the estimated value of the purchases; or
 - **ongoing purchases** in relation to an initial fixed term period contract i.e. 12, 24 or 36 months (including extension options) – the total or estimated value of the purchases.
 - 4.1.2 Cost of an open market approach, in consideration of the value of the acquisition, and an assessment of the potential benefits of the selected approach.

- 4.1.3 The particular circumstances of the procurement activity.
- 4.1.4 The objectives of the procurement.
- 4.1.5 The size of the market and the number of competent supplier/s.
- 4.1.6 Council's leverage in the marketplace.
- 4.1.7 Time constraints.
- 4.1.8 A global assessment of the risks associated with the relevant procurement.
- 4.2 The table below provides the minimum requirements relating to the procurement method for the purchase of goods, works or services based on Purchase Total Value (excluding GST).
- 4.3 The total or estimated value of the entire purchase must reflect the actual goods, works or services to be undertaken requirement.

Note: For vehicle, plant or equipment trade-ins, the Total Purchase Value is the total value of the procurement (i.e. excluding trade-in value).

Note: For procurements less than \$120k, Council will endeavour to purchase from a local business for goods, works, and services, where a suitable supplier is identified within Council's area (refer clause **6.11 – Buy Local and Social Procurement**).

6. Method of Procurement

Council must seek approval in writing from the Chief Executive Officer for any exemptions to this Policy and requirement for all levels of procurement during the procurement planning stage – refer to clause 6.

6.1 Direct Sourcing / Negotiation (\$0 - \$5,000)

The value of the purchase is less than \$5,000 purchased by direct sourcing / negotiation or Strategic Alliance, with preference to buy locally (refer **clause 6.11 – Buy Local and Social Procurement**). Requirement to obtain and document at least one quotation, that may be an advertised price or a formal / informal (verbal) quote. Alternatively the purchase may be made through a Strategic Alliance.

6.2 Direct Purchase (\$5,001 - \$15,000)

The value of the purchase is less than \$15,000 endeavouring to source directly from a local supplier, where possible (refer **clause 6.11 – Buy Local and Social Procurement**) without obtaining competing bids. Based on advertised price or a Minimum One (1) Written Quotation. Documented evidence must be retained against Purchase Order/Credit Card claim/Creditors reimbursement/Contract. Alternatively the purchase may be made through a Strategic Alliance.

6.3 Minimum 3 written Quotes (\$15,001 - \$60,000)

Written Quotations must be retained against the Purchase Order, Contract or Agreement.

- 6.3.1 Where the value of the purchase is more than \$15,001 and less than \$60,000, three (3) written quotations are required, endeavouring to have one (1) from a local supplier (refer to **clause 6.11 – Buy Local and Social Procurement**) which may include prequalified / panel contractors.
- 6.3.2 Quotations should generally be sought for one-off purchases only. For multiple purchases of a complex nature that are required from the same supplier, a contract should be considered.
- 6.3.3 If Council does not receive a quotation, then evidence of the quotation process must be documented and reviewed/assessed by Council's Procurement Officer. Upon completion of the assessment, the Procurement Officer will advise if the option to seek a minimum of one (1) written quotation from an alternative supplier without seeking an approved exemption from this Policy under **Clause 9 – Exemptions from this Policy**, is permitted.
- 6.3.4 If the purchase has high risk factors then a contract in lieu of a purchase order should be considered, especially if the terms and conditions required are outside the normal terms of Council's purchase orders.
- 6.3.5 Alternatively to the three (3) written quotations, Council may (i) Request For Quote (formal evaluation process), (ii) Request Expressions of Interest; (iii) Request for Tenders (Open); or (iv) direct engagement through Strategic Alliance.

6.4 Request for Quote-Formal Evaluation Process (\$60,001 - \$120,000)

- 6.4.1 Where the total value of the purchase is greater than \$60,001 and less than \$120,000 three (3) written quotations are required from three (3) selected prospective suppliers endeavouring to include one (1) from a local supplier (refer to clause 6.11 – Buy Local and Social Procurement) through a formal Request For Quote process, which can include prequalified / panel contractors.
- 6.4.2 Where Council issues a Request For Quote to a select group of suppliers the identity and justification as to why the suppliers were selected must be recorded.
- 6.4.3 If Council does not receive a quotation, then evidence of the quotation process must be documented and reviewed/assessed by Council's Procurement Officer. Upon completion of the assessment, the Procurement Officer will advise if the option to seek a minimum of one (1) written quotation from an alternative supplier without seeking an approved exemption from this Policy under **clause 9 – Exemptions from this Policy**, is permitted.
- 6.4.4 Alternatively instead of commencing with a Request For Quote, Council may (i) Request Expressions of Interest; (ii) Request for Tenders (Open); or (iii) direct engagement through Strategic Alliance.

6.5 Request for Tender - Open Tender (\$120,001+)

- 6.5.1 Where the total value of the purchase is greater than \$120,001 then open tenders must be advertised publicly. The preferred method of advertising tenders will be by using the State Government's Contracts and Tenders website.
- 6.5.2 If Council does not receive a quotation, then evidence of the tender process must be documented and reviewed/assessed by Council's Procurement Officer. Upon completion of the assessment, the Procurement Officer will advise if the option to seek a minimum of one (1) written quotation from an alternative supplier without seeking an approved exemption from this Policy under **clause 9 – Exemptions from this Policy**, is permitted.

6.6 Tenders and Quotations (Greater than \$60,000)

- 6.6.1 The following will apply to the tender and quotation process:
- Tenders and quotations will be evaluated against the criteria stated in the tender and quotation documentation;
 - Tenderers will be advised of the outcome;
 - Debriefs will be given on request by unsuccessful tenderers.
- 6.6.2 Alternatively, it may be appropriate to test the market by using a Request for Expression of Interest (REOI). This approach may be used either to see market interest or to prequalify for a select tender. REOI responses must be evaluated against pre-determined criteria.

6.7 Prequalified Contractor

- 6.7.1 This is where a tender process has been undertaken previously by Council, Procurement Australia, Barossa Regional Procurement Group (BRPG) and/or Local Government Association (LGA) and/or joint procurement with other councils prior to immediate requirements to purchase.
- Note:** Consult with the Council's Procurement Officer prior to undertaking this arrangement.
- 6.7.2 The procurement method of the number of tenders/quotations required still applies (refer to **clause 5 – Procurement Method Table**).

6.8 Panel Contracts

- 6.8.1 This is where the Council may work with but not limited to Procurement Australia, BRPG and LGA established panel arrangements with a select group of suppliers and can include either:
- a standing offer from a pool of suppliers for the provision of goods and services on agreed terms; or
 - the prequalification of certain suppliers who may or may not be engaged on terms to be agreed.

Note: Consult with the Council's Procurement Officer prior to undertaking this arrangement.

- 6.8.2 The Procurement method of the number of tenders/quotations required still applies (refer to **clause 5** – Procurement Method Table).

- 6.11.2 Council will:

- Invite at least one (1) verbal or written quote from a local business where a suitable supplier is identified within Council area of the goods, works and services to be undertaken for procurements less than \$120k;.Promote to local and regional businesses opportunity to supply to Council;
- Support local employment opportunities and social procurement by applying social benefit as a Local Benefit and Social Inclusion for procurements wherever tangible social outcomes can reasonably be achieved
- Give preference to a local and regional business, Aboriginal and Torres Strait business and not-for-profit organisations when all other commercial considerations are equal to ensure local employment opportunity and economic stability and/or growth;
- Ensure that specifications and purchasing descriptions are not structured in a way that would potentially exclude local suppliers;
- All requests for quotes, tenders, proposals and expression for interest that a qualitative evaluation criterion for local providers is included in the evaluation process; and
- Foster good relations with local suppliers and industry bodies.

- 6.11.3 If no local business or suitable supplier is identified then preference may be given to businesses in neighbouring Council regions. Council must document or provide evidence of market research that no suitable supplier was identified within Mid Murray Council region, who could demonstrate capability, capacity and competitiveness to Council (all documentation must be saved in Council's corporate procurement system or Record Management System);

6.12 Agreement/Contract Types

- 6.12.1 Council maintains a Contracts Register for all procurement contracts/agreements entered into.

- 6.12.2 Prior to adopting one (1) of the procurement methods, the Contracts Register must be checked for existing contracts with the same scope, products or services. Consideration should also be given to utilising any other existing contracts available to Council.

- 6.13.1 Council operates a petty cash system for expense reimbursement only. Cash advances are not permitted and there is a limit of \$25 for each transaction.
- 6.13.2 All petty cash vouchers must be approved in accordance with Council's procurement delegation schedule in Appendix 1 – **Procurement Delegation Schedule**.
- 6.13.3 Reimbursements up to \$25 can be made by lodgement of a petty cash voucher accompanied by the receipt/tax invoice, any petty cash voucher over the amount of \$20 must be signed by the appropriate supervisor. 6.14 Credit Cards

- 6.14.1 Council must ensure any corporate credit card holders comply with the corporate credit card Conditions of Use Agreement that is required prior to application. All expenditure incurred on Council credit cards shall be supported by a tax invoice in compliance with the requirements of the goods and services tax.
- 6.14.2 All employees issued with a Council credit card, including the Chief Executive Officer, shall provide and be responsible for the monthly production of supporting documentation on an authorised Credit Card Claim Form approved by their supervisor, the Mayor will approve the Chief Executive Officers. 6.16 Purchase Orders

- 6.16.1 Purchase orders serve four (4) main purposes:

 - Quotations to be electronically recorded against the Purchase Order; and
 - Establishing a set of Terms and Conditions for purchase of goods, works or services.

7. Reason for an Alternative Procurement Method

- 7.1 The goods, works or services can only be provided by a single supplier and there is no reasonable alternative or substitute for one of the following reasons:
- existing computer programs and software created by an original supplier specially for Council operations
 - support or maintenance of existing software, systems or assets
 - the supply is for works of art
 - the protection of patents, copyrights, or other exclusive rights, or an absence of competition for technical reasons.

- 7.2 Additional deliveries of the goods, works or services by the original supplier or authorised representative of goods or services that were not included in the initial procurement activity, where a change of supplier/s for such additional goods or services:
- cannot be made for technical reasons such as requirements of interchangeability or interoperability with existing equipment, software, services or installations procured under the initial procurement activity or due to conditions under original supplier warranties; and
 - would cause significant inconvenience or substantial duplication or costs for the Mid Murray Council
 - External Subscriptions and or memberships for Mid Murray Council Employees where it is deemed necessary and or mandated as part of their employment as a Council employee.
- 7.3 For reasons of extreme urgency brought about by events unforeseen by the agency, the goods or services cannot be obtained in time under the preferred procurement method.

8.2 Record Keeping Requirements

Council will document the reasons for entering into specific procurement methods or contracts other than those resulting from a competitive quoting, tender process or purchases. For amounts less than \$5,000 there is a requirement to document all quotations received that may be an advertised price or informal / formal quote/s (including verbal quotes). Records are to be stored in Council's corporate procurement system (electronically recorded against the Purchase Order) or Records Management System.

8.5 Conflict of Interest

- 8.5.1 Where a Council employee, Elected Member or close relative of either the requesting Officer or is considering providing goods, works or services on behalf or to Council, the Council employee in all aspects must declare a conflict of interest. All declarations **MUST** be approved by the Chief Executive Officer prior to the supply of goods, works and services to Council.

- 8.5.2 All details regarding the conflict and an application for an exemption to this Policy must be submitted in writing to the Chief Executive Officer before any procurement methods are entered into.
