

Open Space, Recreation & Public Realm Plan Forum
Keyneton

04/07/2016

Apologies:

Jo Keynes

Burt Hersem

Irene McCallister

John Duruz

Discussion Notes:

Sporting Open Space:

- Keyneton Park – Insurance – operations, electric BBQ and shelter and shade needed, approved standard playground complying, **Insurance**.
- Upgrade supper room/pavilion (doesn't get hired much yet) (been waiting on outcome of playground). If upgraded it could be promoted to Scouts etc.
- Oval isn't used for competition sport. Oval – slight slope – junior sport.
- Includes tennis courts. Lights "Night tennis", some lights need upgrading.
- Oval is on the Lavender Trail and could be a camping area.
- Horses SA suggested stables at oval. PA concerned about who will maintain it, they don't want.
- Irrigation water needed.

Recreation and Trails:

- Weekend trail bike riders on road sides, Pine Hut and Jutland Roads.
- All three trails are unique and are managed by communities.
- Keyneton Heritage trail intersects Kidman and Lavender (Kevin Myers on Lavender Trail board.)
- Include map of trails Murray Bridge to Clare.
- There is potential to expand Keyneton Heritage Trail to include other aspects and points of interest.
- Trail Heads.
- Seating/rest points.

Other:

- Tree replacement in the Main Street now that the pine trees have been removed.
- Tree scaping, what should happen? – The right trees for the area – suggestions in the town plan.
- Traffic control at intersection where the school is to slow down traffic but still attractive. DTI road – Stott Highway

Three top priorities:

- Playground/oval (liability insurance)
- Nature Reserve (plan needed)

Open Space, Recreation & Public Realm Plan Forum

- Council Chambers (historic significance)

Sporting open space and facilities	
Oval/playground	○ Can't use school ○ Issue – no water for irrigation and flora ○ Keyneton oval - community ○ Potential partnership ○ "in kind"(potential, e.g. staff support, maintenance) ○ Cadell – turned oval into caravan park ○ Oval is not used a lot for sports – community ○ Tennis , lights has night social potential ○ Organised 1 good/brilliant 2 upgrade (original) ○ On lavender trail ○ Walhers ○ Horse yard potential but who to maintain? ○ No- as trailheads exists ○ Oval used for events ○ Picnic facility at park ○ Ownership in reference to insurance costs etc.? ○ Clarification of playground equipment currently uninsured ○ Upgrade of kitchen facilities ○ Playground needs upgrade and certification ○ Picnic table to be installed ○ Upgrade pavilion needed ○ Need for new electric BBQ and shelter near playground ○ Money for kitchen over hall at park, do they spend \$5 mil ○ Need to upgrade the kitchen ○ Not hired much ○ Playground of 'approved' standard, no one will say safe=(insurance) ○ Pine trees dead – falling over need clearance
Recreation & Trails	
Lavender Trail	○ Is maintained all the time by the community ○ Pass through the area and managed by the committees
Kidman Trail	○ Pass through the area and managed by the committees ○ Links to wider area Stockwell links
Keyneton Heritage Trail	○ Potential to expand and include other points of interest ○ Town seating/tent points
	○ All three trails linked to Keyneton are stand alone ○ Murray Bridge to Clare

Open Space, Recreation & Public Realm Plan Forum

	○ Promotion of trails in the council
Horses	○ Trail heads already determined – no need for other
Trial bikes	○ Riders on public roads e.g. Pine Hut Road,
Natural Areas	
Native Reserve	○ Priority ○ Small mammal survey planned ○ Link with EHCG ○ Owned by community, Progress Association manage ○ The task of maintaining the resource is big ○ Need EHCG to do a plan. Have a plan to work to. ○ Then can get more volunteer and school involvement proposed ○ Need to tidy up ○ Weed control ○ A detailed plan to be devised to see what can and cannot be done in way of clean up etc. ○ Eastern Hills Catchment Group management plan proposed ○ Picnic seating ○ Clean up of dead vegetation ○ Removal of weeds ○ Regeneration of native bush ○ Identification “signs” of vegetation species ○ Weeds ○ Large tree fallen ○ Fire risk ○ Arranged some community members to poison olives but it was too much for the community to manage (there is a lot to do).
Road Side	○ Beautiful roadside reserves and verges, high quality vegetation. ○ Need for road side weed control ○ Vegetation mapping ○ Weeds especially olive tress on road side ○ Exotic plants (weed) removal
Water reserves	○ Map public water reserves ○ Camping opportunities
Weeds	○ Weeds of National significance – Broom, bridal, creeper obtain money for
Other, Culture, Heritage, Arts, Public Realm (streets, paths, etc.)	
Old Council Chambers	○ 1st site of local effort ○ Maintain to a reasonable standard ○ In process of listing as local heritage ○ On the trail head – Kidman and Keyneton Heritage Trail

Open Space, Recreation & Public Realm Plan Forum

	○ Water tanks linked to old gutters, is a safety issue, not drinkable ○ Could be passed to the community ○ Men's Shed is interested ○ Some consideration should be given to the preservation of the building ○ Restoration needed ○ On Kidman Trail use as camp/trail head ○ Restoration of original North Rhine Council Chambers (on public land) ○ Maintenance/restoration ○ Importance in history of Local Government
Main Street	○ When is tree replacement going to happen? ○ Old pines removed ○ Cars/trucks speed through Sedan Hill/Stott Highway. Including past the school. (DPTI road) ○ Possible round about at intersection with natives planted – landscaped ○ Maintenance of road sides ○ Street scape of main street (Sedan Road) e.g. street trees
Heritage	○ Stone wall restorations damage from past bushfire damage from, tree fall, kangaroos, emus and theft.
Cemetery	○ Directory needs to be upgraded ○ Sign out the front would be good ○ 1.2km from Soldiers Memorial well maintained Hall by Church ○ Irish cemetery restoration and maintenance ○ Irish Cemetery – small heritage on private land
CFS Station	○ Installation of gutter guard
