1. Purpose

- 1.1 Developing, adopting and reviewing policies is a key responsibility of Council under Section 59 of the Local Government Act 1999. This Policy & Procedure Framework (the Framework) provides a clear and consistent structure for the initiation, development, adoption, publication and review of Mid Murray Council's policy documents, procedures and protocols.
- 1.2 The framework ensures that documents:
 - Are developed in a consultative, comprehensive and consistent manner;
 - Underpin and support Council's strategic objectives as articulated in the strategic plans;
 - Provide a clear understanding of Council's and management's responsibilities in policy development and review; and
 - Are consistent with and meet the compliance requirements of legislation.

2. Framework

2.1 Document Types

- 2.1.1 A Policy is a statement of principles or position that is intended to direct decision-making and operations that supports the achievement of Council's vision and objectives. Policies have a long-term focus and are applied across Council as a whole. They form the foundation of the Council's governance processes and the basis of the quality system.
- 2.1.2 Policies support the achievement of quality outcomes, address compliance with legislative obligations, and reduce organisational risk by establishing standards and internal controls. The principles outlined in policy are shaped by:
 - the legislation and regulations that govern Council;
 - the values and vision Council articulates in its strategic plan; and
 - best practice and community expectations.
- 2.1.3 Policies may require Procedures to guide implementation. A Procedure addresses processes and actions aligned with the policy principles. They outline the operational steps required to implement a policy. Procedures:

- provide clear instructions on the way policy will be implemented;
- step through the actions required to implement policy principles;
- assign responsibilities; and
- enable monitoring of policy implementation.

3. Content

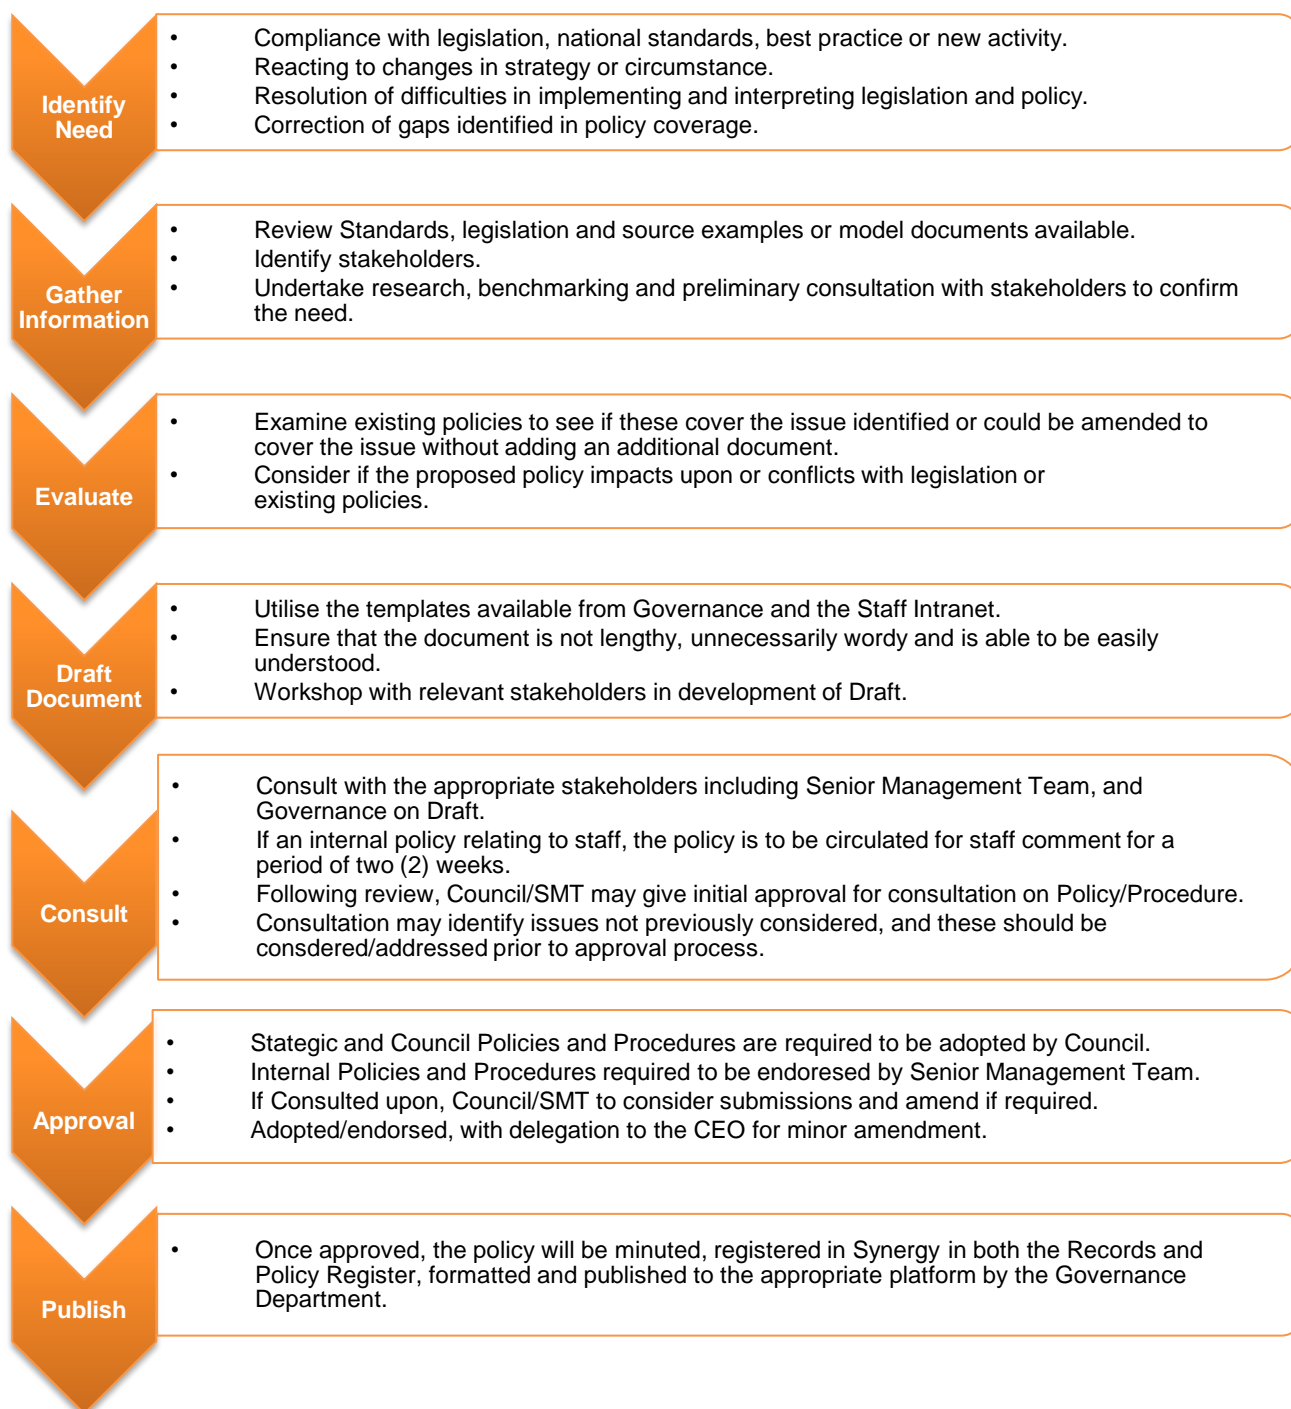

- 3.1 All policies are to be developed in accordance with appropriate Policy/Procedure/Protocol Template (Annexure A). The standard format for policies and procedures will ensure a consistent and professional approach to the management of policies and procedures.
- 3.2 Policy and procedures should be relevant, transparent in their intent and meaning, and developed in consultation with Council's key stakeholders.
- 3.3 The key principles to be applied when developing or reviewing policies are as follows:
- Clear and concise language.
 - Consistent naming conventions and terminology.
 - Relevant standards or section of legislation are referenced, rather than duplicated, within the policy
 - Relevant Strategic Plan outcome and/or objective are referenced.
 - Related policies and procedures are referenced.
 - Authority and process for required decisions are clearly identified.

- 3.4 Policies should be reviewed holistically with the aim of consolidating policies on associated topics where feasible to minimise confusion or the need to take guidance from multiple policies.
- 3.5 Care should be taken to ensure a Policy is actually required on a given topic or whether a simple decision of Council is a better instrument. Generally, this will be guided on the frequency of the situation and the consistency of general conditions, if both are low; a decision of Council may be the preferred option.

4. Development

The development of Policies should be a collaborative process that meets an identified need rather than a one off situation. When developing Policies the following steps should be followed.

5. Approvals

- 5.1 Where a Policy or Procedure has been drafted and consulted upon, it should be listed on the appropriate agenda for recommendation, adoption or endorsement.

- 6.2 When a policy or procedure is revoked the Website team is to be notified to have the policy or procedure removed from the website and the intranet.

- 7.1 All policies and procedures of Council are subject to a process of periodic review to ensure that the information contained in the document is still correct, accurately reflects the practices of Council and ensures compliance with legislation and Council's Strategic Plan.
- 7.2 Scheduled reviews for each Council policy will occur once each Council term after the conclusion of the periodic election.
- 7.3 Reviews of Council policies can be carried out at any time if it becomes evident that the document requires amendment due to the changes to legislation, operations or community needs.
- 7.4 Current legislation mandates that some Council policies are reviewed within 12 months after the conclusion of each periodic election or on an annual basis.
- 7.5 Council's Governance Department will initiate the review process by contacting the officer responsible for the policy (Responsible Officer) to request a review of the policy.
